

Bino Triangle

Box Contents:

- a) Short Screws (8x)
- b) Wood Shelves (2x)

c) Metal Frames (2x)

- 1) Make sure that the shelves are positioning during installation as shown in the figure.
- 2) Align the metal frames side by side, and place the shelves on the metal frames. **Screw plates must remain under the wooden shelf.**
- 3) During the assembly, make sure that the wood stands firmly between the 2 metal frame before screwing. Mount by reversing the the metal frames with the help of another person, start the screwing process from top to bottom.
- 4) Your product is ready to use.
