

Dear Customers,

All of our products have been controlled and tested at every step from the design process to the delivery process, to ensure that you enjoy our products and use them for many years.

Before starting the assembly, take all parts out of the box and check them according to the assembly manual. If you have purchased more than one product, please install the products in order to avoid mixing of parts and accessories.

Before starting the assembly, clean each part with a damp cloth. This cleaning process will also be sufficient for the general use of the product.

Although the products are carefully checked and packaged, if you encounter a problem during shipping, you can check the necessary parts and contact us at our contact numbers when a problem occurs. The problem will be solved free of charge as soon as possible.

Do not use your furniture out of its purpose. Please contact us when considering different usage purpose

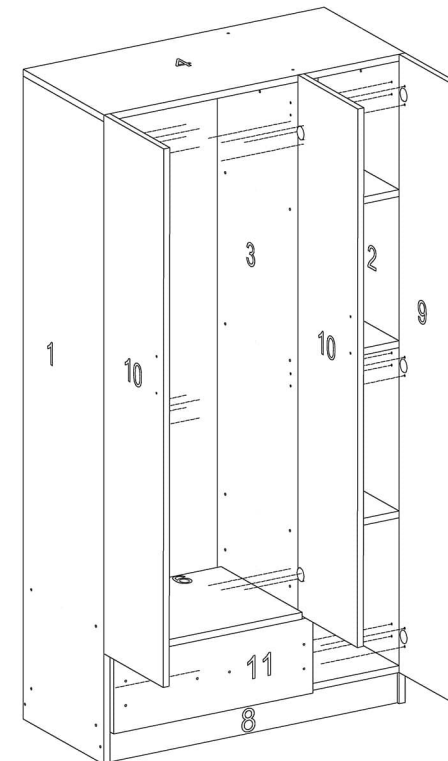

Furniture can be damaged by direct contact with cold, heat and moisture. Therefore, prevent your furniture from coming into contact with these factors.

Thank you for choosing us.

The most powerful things to design are the simplest things
