Proper Use

- ✓ Do not expose sofas directly to sunlight. Sunlight may cause fading on surfaces.
- ✓ Fabric-covered furniture must be protected from sharp objects, adhesives, hot materials, chemicals, and fire.
- ✓ When sitting on sofas, chairs, or similar products, leaning back or stretching the products can damage their structural integrity and stability.
- ✓ Fluff and reverse the cushions of your sofa weekly for a better appearance.
- ✓ Dimensions: 248 Package: 1 Weight: 42

Cleaning

- ☑ Use a vacuum cleaner with the appropriate nozzle to clean the sofa, including the cushion seams, the connection areas between the armrest and the back, and the fabric surfaces on the frame.
- ☑ Add a mild soap (without active ingredients) to a bucket of warm water and ensure it dissolves. If using shampoo, check the ingredients carefully.
- ☑ Test the cleaning solution on a small area at the back of the product before applying it to the entire surface.
- ☑ Allow the cushions and pillows to air dry before placing them together.
