- Installation ★ You can assemble the legs of the product using a rechargeable screwdriver.
- Usage ★ Available at evdebiz.com.
- Content ★ The legs and connecting elements are included in the product package.

Proper Use

- ✓ Do not expose sofas to direct sunlight. Sunlight can cause surfaces to fade.
- ✓ Fabric-upholstered furniture must be protected against sharp objects, sticky or hot substances, chemicals, and fire.
- ✓ Sitting on products such as sofas, armchairs, and chairs in a way that causes them to slide backward or bend in a similar manner damages the skeletal structure of the products and compromises their durability.
- ✓ Fluffing up your sofa cushions once a week and turning them over can help them look neat and tidy.

Weight: 57

Cleaning

- ✖ First, using the appropriate attachment on your vacuum cleaner, vacuum the additional parts of your sofa, including the cushions, the connections between the armrests and the backrest and cushions, and the cushions belonging to the product, making sure to vacuum the fabric surfaces on top of the frame underneath when the cushions are removed from the sofa.
- ✖ Add soap that does not contain any active ingredients to a bucket of warm water and make sure it dissolves completely. If you are using shampoo, be sure to check the ingredients.
- ✖ We recommend that you first test the cleaning process on a small area on the back of your sofa.
- ✖ Please wait for the cushions and pillows to dry before putting them together.

Bella Soft Three-Seater Sofa

Thank you for purchasing our product. Please remember to carefully check the installation materials included in the package. Make sure they are all there before discarding the packaging.

For product returns to be accepted:

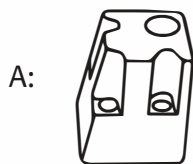

Send the product together with the delivery note sent to you.

The original box/packaging of the product must be undamaged, intact, complete, and retain its resale value. In case of any other circumstances, the cost of the damage to the product will be reported to the representative of the sales platform where you purchased the product.

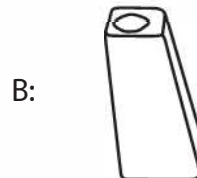

Packaging standards are very important in ensuring that products reach you safely. Please repackage the product to the same standard if you have removed it from its packaging before returning it. All standard accessories must be sent undamaged and complete in their original packaging. If the product has legs attached, they must be removed before returning it.

Products that have been installed or assembled cannot be returned under any circumstances.

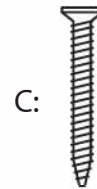

Parts List

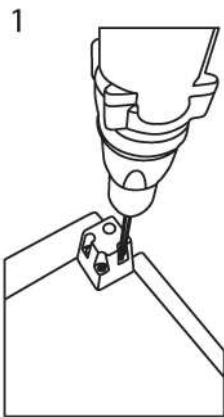

5 Internal
Plastic Feet

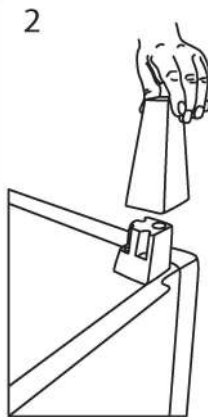

5 External
Plastic Feet

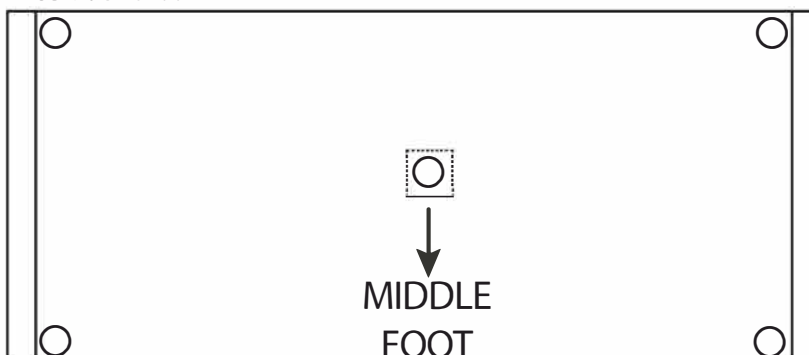

5x50 mm Screws,
20 pieces

First, install the inner plastic foot on the specified corner. When positioning the foot, install it so that the flat parts of the foot face outward.

Place the outer plastic foot on top of the inner plastic foot and press down firmly.

The product uses 5 legs. Four legs should be mounted on the corners of the product and one leg should be mounted on the middle leg section.

5. When the foot product is turned upside down, it will be mounted so that it rests on the wedge located in the middle.
