Appropriate Use

- ✓ Do not expose sofas to direct sunlight. Sunlight can cause the surfaces to fade.
- ✓ Fabric upholstered furniture must be protected against sharp objects, sticky or hot substances, chemicals and fire.
- ✓ When sitting on products such as sofas, armchairs and chairs, sliding backwards with these products or stretching the products in a similar way disrupts the skeletal structure of the products and damages their durability.
- ✓ Once a week, fluffing the cushions of your sofa and turning them upside down can be useful for a neat look.

Desi: 390

Package: 3
