Please check the pack contents before attempting to assemble this product. A full checklist of components is given in this leaflet. If any components are missing, please contact the retailer from whom you bought this product.

This product is **HEAVY**, it should be assembled as near as possible to the point of use. **TAKE CARE WHEN LIFTING** to avoid personal injury and (or) damage to the product.

This product takes approximately **10 MINUTES** to assemble with **2 PEOPLE**.

The fittings pack contains **SMALL ITEMS** which should be **KEPT AWAY FROM YOUNG CHILDREN**.

Read this leaflet in full before commencing assembly.

PLEASE KEEP THESE INSTRUCTIONS FOR FUTURE REFERENCE

Fittings and parts checklist

Parts checklist					
1	Cabinet x1				
2	Left leg frame x1		3	Right leg frame x1	
4	Reeded glass door x1				

Fitting checklist		
A	Bolt x8 M6x30mm	
B	Spring washer x8 M6-Ø10mm	
C	Flat washer x8 M6-Ø13mm	
D	Allen key #4 x1	

Step by step assembly instructions

Step 1

With 2 people, carefully place the cabinet (Part 1) upside down on a soft, flat surface near where the unit will be used. Locate the leg frames (Part 2&3) as shown below then secure using the bolt (Part A), spring washer (Part B), flat washer (Part C). To speed up assembly, first screw in the bolts by hand then tighten fully using the allen key (Part D). Ensure all bolts are fully tightened before use.

Note: Ensure the LOGO is on the **front** of the cabinet and is visible on the **outer side**.

Step 2

With 2 people, carefully turn the product over and place in position. Do not drag the product when moving, must be lifted to prevent damaging the legs!

Step by step assembly instructions

Step 3

Locate the reeded glass door (Part 4) and carefully insert it into the designated slot as shown below.

PLEASE READ!

This veneered product top has a natural open grain finish. Please read the care guide thoroughly. We recommend using mats and wiping up spilled liquids immediately. Avoid placing plant pots or vases with out waterproof mats to prolong the life of this product.

Care and Maintenance

Wood furniture

- Wood displays different grain patterns depending on which way they cut - for example, the 'medullary rays' which can appear as a mark of good quality timber - these are just characteristics of the natural beauty of the wood. Some furniture is also deliberately aged and rustic.
- Wood veneers also allow distinctive patterns to be created on flat surfaces, such as table tops and drawer fronts by the way the slivers are arranged.
- All timber surfaces will change colour and mellow over time. New furniture will initially vary in shade from items that have been previously purchased.

How to care for your glass and wood furniture

- Furniture with a hard lacquer, wax polish or painted surface should be dusted with a dry cloth.
- Spray polishes are best avoided as they contain silicones which may spoil the furniture's surface by building up over time.
- Make sure all surfaces are protected from heat and liquids by mats and coasters. Wipe up spills immediately and ensure that a mat or pad is placed under paper if you are writing.
- Our furniture will endure most temperatures in the home but it is best to avoid placing furniture next to heat sources such as radiators or fires. Be particularly careful with solid wood as the lack of humidity caused by central heating can cause damage such as warping.
- For glass elements use glass cleaner or soapy water for cleaning, do not use anything abrasive as this may damage the surface of the product.

Safety instructions

- Never drag furniture when moving it, always lift it.
- Do not sit or stand upon this product.
- Periodically check all fixings to ensure none have come loose and re-tighten where necessary.
- Please take care when handling or moving the furniture, careless handling may cause damage or injury.
- Furniture can be dangerous if incorrectly installed. Assembly should be carried out by a competent person. No liability will be accepted for damage or injury caused by incorrectly installed or assembled furniture.
- It is recommended that before moving heavy objects to a new location they are completely dis-assembled to avoid personal injury or damage to the furniture. Please be careful to retain all fittings when doing this.

Glass furniture warning

- Do not use the glass as a chopping surface. Do not strike the glass with hard or pointed items.
- Do not sit or stand upon glass surface(s).
- Tempered glass is designed to break into very small fragments for customer safety. On very rare occasions including when not in direct use, glass can break for the following reasons:
 - Surface damage and scratches. Please take extra care to ensure no heavy or sharp objects impact this product.
 - Extremes of temperature. Avoid areas where the item can become very hot and cold.

Experiencing problems with your new product?

Before calling customer service, please have your item's batch code ready.

You can find the batch code on the back or bottom of your product as below shown.

(example batch code: 190510)
